1st Annual Barrington Micro Brew Fest

The 1st Annual Barrington Micro Brew Fest is set for July 10, 2004 from 1:00 p.m. to 6:00 p.m. The event will be held in what has become known as the "4th of July Tent" and is expected to attract 20 brewers from Illinois and Wisconsin including locals: The Onion Pub, Millrose, Brass and Emmett's. The event is being hosted by the Barrington Area Council on Aging and the Rotary Club of South Barrington. All proceeds will benefit BACOA programs and Rotary Charities. Tickets are \$25 in advance and \$30 on the day of the event and are available at the BACOA and Barrington Chamber offices, from Rotary members, or by calling Jim at 847/382-6136. The ticket price includes a commemorative glass, food, t-shirt & unlimited tasting. Two live music acts are also scheduled. The event sponsors: The Onion Pub, Harris Bank Barrington, Kathy Pinkus-RE/Max, Barrington Bank & Trust and UBS Financial Services will also have tickets at their respective businesses.

5th Annual Big Trucks

Climb in and explore the world of "Big Trucks." This popular family event will be held on Saturday, July 31st from 10:00 a.m. to 2:00 p.m. at Ron Beese Park. From fire engines to boom trucks, participants will have the opportunity to learn more about each truck, watch demonstrations, and even climb behind the wheel. In addition to the trucks, there will be live

music provided by Person to Person, big wheel races, food vendors, and prizes. Admission for this event is \$2. This event is hosted by the Barrington Park District, the Village of Barrington's Public Works and Fire Departments, and the Barrington Junior Women's Club.

Thursday Cruise Nights

Medicare Beneficiaries Warned About Drug Card Scams

The U.S. Department of Health and Human Services approved 48 general drug discount cards, including 27 available nationally to all eligible Medicare beneficiaries beginning June 1. With the new cards, Medicare beneficiaries will receive discounts on prescription drugs, and low-income beneficiaries may receive an additional \$600 credit to help pay for their prescription medicines in both 2004 and 2005.

With the announcement of the drug card program, a number of potential drug card scams have arisen in various parts of the U.S. The Department's Centers for Medicare & Medicaid Services and the Office of Inspector General are warning Medicare beneficiaries and their family members to be cautious when being approached to buy a drug discount card.

Beneficiaries should NEVER share personal information such as their bank account number, social security number or health insurance card number (or Medicare number) with any individual who calls or comes to the door claiming to sell ANY Medicare related product. If fraud is suspected, the beneficiary should call 1-800-MEDICARE, the OIG Fraud Hotline at 1-800-447-8477 or a local law enforcement agency (such as the police).

All card programs approved by the Centers for Medicare & Medicaid Services (CMS) will bear the Medicare Rx seal.

Approved card sponsors will not conduct any cold-calls, therefore, no individual should receive a call from a card sponsor unless they have requested further information from an ad or direct mail piece.

Beneficiaries who are contacted by false card companies should always remember a beneficiary should NEVER share personal information with any individual who calls or comes to the door claiming to sell ANY Medicare related product. For more information contact a Medicare customer service representative at 1-800-MEDICARE.

*Meetings are held at Village Hall, 200 S. Hough St,
unless noted, and are open to the public.
Call 304-3400 for information.*

28th Annual Sidewalk Days

Bargains galore and a host of fun-filled family activities are being planned for the 28th Annual Sidewalk Days Festival on Thursday, July 29 – Saturday, July 31 from 9am – 5pm daily. Over 200 businesses will line our beautiful streetscape streets with discounts of up to 80%. Clubs and organizations will join the vendors in providing information about the local resources available in our area.

Household Chemical Waste Collections

Household Chemical Waste Collections & Locations

Open from 8:00 a.m. until 3:00 p.m.

July 10th – Wauconda High School – 555 North Main Street

July 24th – Gurnee – Warren Township High School
500 N. O'Plaine Road

LATEX PAINT WILL NOT BE ACCEPTED AT ANY OF THESE EVENTS.

The following materials are typical household chemical wastes that are usually included in a one-day HCW drop-off event. To help you determine if something is a household chemical waste, look for the words “danger” “toxic” “flammable” “corrosive” and/or “reactive” somewhere on the products packaging.

MATERIALS ACCEPTED

Oil based paint, solvents, old prescriptions, used motor oil, household cleaners, household batteries (alkaline & rechargeable), antifreeze, garden/lawn chemicals, pool chemicals, asbestos, old gasoline, fungicides, insecticides, pesticides, metal polishes,

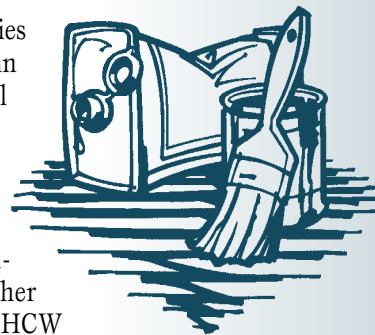

paint remover, driveway sealer, drain cleaner, aerosol products, hobby chemicals, mercury (including thermometers & thermostats).

MATERIALS “NOT” ACCEPTED

Business/institutional waste, explosives/ammunition, fire extinguishers, lead-acid batteries, tires, latex paint, agricultural chemicals, fireworks, propane tanks, smoke detectors and medical waste.

To dispose of latex paints, remove the cover and let the paint completely dry out and become solid or add kitty litter to it and then the paint can be disposed of in the regular garbage.

Tires & lead acid batteries (auto/boat batteries) can be recycled at any retail outlet that sells them. Residents can call SWALCO at 847-336-9340 or call Barrington Public Works at 847-381-7903 for further information on the HCW collection events.

Chipping Schedule

JULY 12 - Chipper begins in neighborhoods north of Main St.

JULY 19 - Chipper begins in neighborhoods south of Main St.

Please have all material out to the curb by 7:00 a.m. on the Monday morning of the 15th or 22nd. The Chipper will make only one pass through your neighborhood.

Branches may be up to 10" in diameter and at least 5' in length (the longer the better). Stack branches neatly, in a long low pile on the parkway, with the cut end facing the curb. Remember Public Works crews cannot pick up material on private property.

The following items cannot be picked up: root balls & stumps; any building materials including lumber, metal, fencing; anything with nails, wire or bolts; any material placed in a box or garbage can; grass, leaves or material other than woody branch material.

Dog License Tags

Protect Your Beloved Dogs...

by purchasing the required Dog License Tag, which registers your pet with the Barrington Police Department. If your pet becomes lost, the police can track the pet's owner through the dog tag # assigned to each pet. Dog tags are available at the Barrington Village Hall. The fee for each pet is \$5.00.

And Respect Your Neighbors...

by remembering that the Village has a leash and clean up of animal waste ordinance.

Please Pitch in to Conserve Water

Now that summer is here, additional water is being used by consumers to maintain lawns, gardens and trees. This extra water usage has incurred a higher demand on the water system. Although the Village does not yet need to introduce water restrictions, we ask on a voluntary basis, you to limit your watering to odd/even days (i.e. addresses ending with an odd number water on odd days of the month) and, to make a conscious effort to conserve this precious resource throughout the remaining summer. Utilizing one or more of the following water conservation tips will be helpful.

-  Run dishwashers and washing machines with a full load only (unless reduced fill settings are available)
-  Water lawns and gardens early in the morning to avoid evaporation loss.
-  Avoid sprinklers that produce a fine mist. Too much water is lost to the wind and to evaporation.
-  Sweep sidewalks and driveways instead of washing them.
-  Insulate hot water pipes between the heater and the faucets to reduce the amount of water that must be run to get hot water.
-  When washing a car, rinse it once. Use a bucket of soapy water to wash it, and then rinse it once more quickly. Taking a car to a car wash may save water since many commercial installations recycle their water.
-  Take shorter showers. Turn down the faucets, and try a low flow showerhead. A typical five-minute shower can use over 40 gallons of water. shower of seven-minutes or longer can consume more water than a bath.
-  A typical toilet leak can waste thousands of gallons of water each day.
-  Don't leave water running when shaving, brushing teeth, washing hair, or washing dishes.
-  A small drip from a leaking faucet can waste 170 gallons of water each day. Replace worn washers.

Mosquitoes – West Nile Virus

With Mosquito season here, the Village believes that the only sure protection against West Nile Virus (WNV) is one's own self protection. The following is a list of things you can do to prevent mosquito bites:

- Prevent mosquito breeding by removing sources of standing water. (Check your gutters after rain events to ensure the water is not stagnating in them)
- If possible, limit outdoor activity at dusk.
- Wear light-colored clothing that minimizes exposed skin
- Use mosquito repellents (children should use repellents containing 10 % DEET; adults may use 50 % DEET).

For more information regarding this topic, contact the Northwest Mosquito Abatement District at 847-537-2306 or Lake County Health Department and Community Health Center at 847-949-9925 or visit the website at www.co.lake.il.us/health/westnile.htm, or call Cook County Health at 708-492-2035.

EJ&E Railroad Crossing Improvements

West Main (Lake Cook) & Lageschulte

We have received confirmation from the E J & E Railroad Company that they have tentatively scheduled the rehabilitation of their crossing on West Main Street near Lageschulte for the week of July 19, 2004. In order for the railroad to execute this work, West Main Street will be closed to both west and east bound traffic for approximately five days. There will be a temporary detour established by the railroad and IDOT for vehicular traffic during the construction.

Should you have any questions, please call Public Works at 847-381-7903

Village Vision

The Vision of Barrington is to preserve and promote its unique small town heritage, preserve its distinct ecological and historical character, provide a moral and safe environment, maintain a high quality of life through the efficient use of community resources, and respond to future challenges through citizen participation in all civic, social and cultural endeavors.

The Community is committed to preserving the quality of its neighborhoods, the quality of education, and the diversity of leisure time activities. The community is dedicated to fostering an easily-accessible center of activity for the Barrington area, maintaining a prosperous economic base, protecting its extensive natural resources and promoting public participation and communication.

HOT TIPS

GARBAGE PICK UP – JULY 10TH

Due to the 4th of July Holiday – Groot will pick up all garbage, recycling and yardwaste materials on Saturday, July 10th.

CALL J.U.L.I.E. BEFORE YOU DIG – 1-800-892-0123

Before doing any digging or excavating at home, contact J.U.L.I.E. (a one call underground utility locating service) so any existing underground facilities can be located.
